

# LOW PRICE GUARANTEE

Southgate Glass knows you want the best value for your home improvement project. So, if you receive a lower quote, from another company, for the same product and the same installation method, Southgate Glass will match the quote dollar for dollar. Southgate Glass wants to make sure that you are getting the most for your money to transform your home. Just show us that written quote and we will be happy to match it.

## Limitations

Quote must be from a company with equal licensing and insurance coverage and be in writing on their estimate or contract form. Materials must be from the exact manufacturer and brand. The installation scope of work must be similar and in writing. Excludes Costco estimates or contracts. Price match guarantee is void three days after contract signing.
